

HELP WANTED!

Hudson-Erie Freight Trade & Transport Co.

Seeks P⁷⁽¹⁾ Intrepid Partners ...

The Hudson River and connecting waterways have not seen scheduled break-bulk packet freight service in a long time. HEFTTCo will change that by operating a “green” marine freight (and limited passenger) service between Ithaca, NY and NYC and ports between.

Our backers ask proof of demand. The following are asked for e/m affirming interest / support, no obligation whatsoever. Please send to Capt. Geoff Uttmark at ‘Geoff-NYC@shipshares.com. Thank you!

1. Finger Lakes, Hudson Valley, Gotham cargo shippers / consignees willing to try *WIT* (warehouse-in-transit⁽²⁾).
2. Vessel Operators interested in forming a consortium of community marine operators all along the route.
3. Port & travel agents to arrange docking, sell tickets and freight space, arrange local PUD and pax connections.
4. Shipbuilders and repairers to build / service a Dunkirk-size fleet of HEFTTCo. entrepreneur-ships.
5. Capital providers of all sizes and persuasions who believe the *Green Revolution* is now and it starts here!

Before there was the NYS Thruway there was the NYS Bluway. Go Blue 2 Go Green!

(1) P⁷ = People, Planet, Profits, Purpose, Progressive Project Partners

(2) “It is Time for WIT to replace JIT” (<http://www.shipshares.com/It%20is%20Time%20for%20WIT%20to%20Replace%20JIT3.pdf>)

This is not an investment solicitation which may only be made through properly executed legal documents. Please contact ‘www.shipshares.com or our agent.
